PEDAL THROUGH HISTORIC SIGHTS

Venture through the historic city of Cologne and see its sights on a bicycle tour. Meet your guide and receive a short safety briefing before donning your helmet and setting off to explore. Follow the Rhine River as you pedal through the city, your guide regaling you with stories of Cologne's past and reconstruction following the heavy bombings it suffered during World War II. The city's dominant landmark is its magnificent cathedral, which, despite the war, stood tall amid its flattened surroundings. Its twin spires were said to have been used as an easily recognizable navigational landmark by Allied aircraft. Your path will take you across the river and to a charming village, where you will enjoy a coffee break. En route back to your ship, follow the trail along the Rheinauhafen waterfront and past the Roman Castle, admiring the modern face of Cologne.

* Demanding - Physically challenging activities, including extensive walks, hiking, riding, water sports, and high altitude activities. Activities by foot may contain difficult, unpaved surfaces and/or multiple stairs and steep inclines. Total time walking or standing may exceed 3 hours.
